MEMORANDUM All Design Units

August 28, 1995

Subject: Revision to the 1989 Standard Specifications,
Subsection 903.05 (Table 903-1)

Reference: All Design Units Memorandum dated April 11, 1995
entitled "Optimum Asphalt Content"

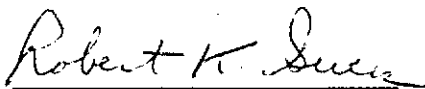

The above referenced ADU memorandum has been revised to correct the erroneously stated therein lower limits of asphalt content for the I-3, I-4 and I-5 mixes. The intent is to maintain the lower limits of the asphalt content for these mixes as they were prior to the April 11, 1995 memorandum.

Therefore, the following revised text shall supersede the corresponding text stated in the April 11, 1995 ADU memorandum and the GET FILE G90300 RAP26503.

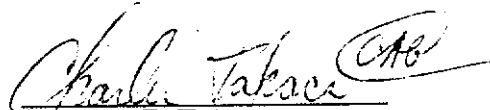

The following is inserted after line 5614 of SI89 ROAD7:
